Shri Rajinikant C. Dani, President

Most of the people do not lose because of lack of knowledge, talent and facilities but because they leave the field before the victory and give themselves up for life. They consider themselves backward in the race. They forget that going back does not mean ending. Even a lion takes a step back when it jumps. So when life throws you back, get ready, life is about to take a big leap. That is why always keep positive thinking.

Shri Miraj D. Shah, Sr. Vice President

Only students who dream with open eyes and try to fulfill them with all sincerity get success. There will be many obstacles in this path, but it has to be kept in mind that in different times, the one who find a way in trouble is brave and the who finds excuses is a coward. The more challenging the circumstances, the more powerful the mind will become. So go ahead and face the challenges.

Shri Pradip Sheth, Hony. Secretary

A person is alone in the time of struggle. At that time no one helps him quickly. People sometimes make fun of him, but when the same person creates history, everyone wants to be a partner in his success. If at the time of struggle, a person, then perhaps he would not have been able to create history. That is why don't let the fear of struggle and being alone make a place in your mind and prepare to create history.

Shri Brij Bhushan Singh, Principal

When we do our favorite work with full enthusiasm, it becomes a “passion” and do not realize how much time we have spent in that work and how much energy was spent. Therefore, we need to wake up our inner passion or “passion” while doing any small or big work in our life. Enthusiasm, enthusiasm or “passion” is within all of us, the need is to bring it to the fore. If we make our goal our passion then nothing can stop us from achieving.

Mrs. Clara Gomes, Deputy Headmistress

We may have skills, faith, passion etc. but if we are not disciplined then we will not move in the right direction. To be disciplined, there is a need to control your mind, because when you deviate from goal. Discipline only controls us and shows us the right path.
