Class X Teachers - BGES School

Shri Champaklal A. Doshi, Chairman

My dear students, despite some hard tasks, sadness and grief that you have encountered in the course of your studies in the school, at the end of it all, you completed this part of journey with great achievements and beautiful memories. Being tough with you at times does not mean that we hate your set, but to prepare you for a greater challenge ahead, and to nurture you to build a strong foundation for your next level. Under our guidance, you have attained this impressive milestone in your life with great honour and integrity.

Shri. Miraj D. Shah, Vice Chairman

Students become the most important asset of the school, without them schools and teachers are nothing. However, it is also true that a student is nothing or incomplete without a good teacher. Our students are very disciplined, well mannered, punctual and well responsive. They have well contributed to this school for these years. My dear students, according to my experience, you will have to face more hard challenges than before in your later life. However, never get fed up and continue to go ahead having strong confidence and belief in you. It is your belief, courage, patience and hard work which will surely lead you ahead and give you a bright future. My good wishes are always with you and I wish you all the best. I have a nice line for you that is well said by the Albert Einstein: "Try not to become a person of success, but rather try to become a person of value."

Shri. Pradip Sheth, Hony. Secretary

We wish you all the very best for your bright future, May you achieve success forever. The dedication with which you have pursued your studies in this school should also guide you for your further education and career. We wish you a happy farewell.
