## MESSAGE FROM GOVERNING BODY

### **Sri Champaklal A. Doshi ( President The Bhawanipur Gujarati Education Society)**

Being a good student throughout school and college is like preparing yourself for a marathon which will begin after you graduate. Focus on your goals and study hard, because the last thing you want is to tire yourself out before the finish line. Expecting to get a good job without studying hard is like expecting to win a marathon without running it.

### **Sri Miraj D. Shah( Sr. Vice President The Bhawanipur Gujarati Education Society)**

Life is all about CHANCES and OPPORTUNITIES. Never leave anything to CHANCE and never let an OPPORTUNITY get away. Study like there's no tomorrow because if you keep putting off your studies for tomorrow, you'll probably be too late. As a student the most important thing to remember is that Laziness is your worst enemy and Hard Work is your best friend.

### **Sri Pradip Sheth ( Hony. Secretary The Bhawanipur Gujarati Education Society)**

Good grades are like stepping stones towards getting into a good college, getting a good job and eventually living a good life. Shun those complacent C's, avoid those boring B's and strive every single day, to get those awesome A's. Listen to your teachers when they tell you WHAT to do. But more importantly, think about it later and ask yourself WHY they told you to do it.

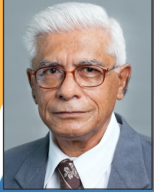

Success might be relative but most things that matter in real life aren't. A degree is a degree, a job is a job and hard work is hard work – as simple and direct as it can be.

# THE BGES SCHOOL (ICSE)

## MESSAGE FROM GOVERNING BODY

### **Sri Dinesh Chandra Mehta ( Trustee The Bhawanipur Gujarati Education Society)**

Don't study to earn, study to learn. What you learn today is what you will become tomorrow. Don't take SHORTCUTS in life because in the long run they will CUT SHORT your journey. Even a billion starts with ONE – all you need to do is take that ONE step and keep trying again and again until you reach where you want to be.

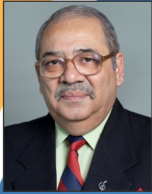

### **Sri Rashmikant Sheth ( Trustee The Bhawanipur Gujarati Education Society)**

Education is not a safety net. It is the rocket which will propel you towards success. All you have to do is have an aim and work on everything that takes to get a lift-off. Life is less complicated than it seems. Good habits and hard work are all it takes to succeed and win. Life is your journey, Goals are your destination and Hard Work is your set of wheels.

# THE BGES SCHOOL (ICSE)

**Lt. Col. Brij Bhushan Singh (Retd.)**

## **Headmaster**

You might have hundreds of likes on Facebook but that won't pay your bills. You might have tens of retweets on Twitter every day but that's not going to pay your mortgage. You might have heaps of unread messages on WhatsApp but that's not going to pay for your new car. You might have dozens of likes on Instagram that's not going to pay for your life. Get a life, start working hard today.

Don't feel sad because you are different from the others. Every unique skill and talent has the potential to make you a superstar. Embrace your personality and unchain your inner strength. Don't forget – the one thing that all successful people have in common is that they were different than everyone around them.

**Ms. Mridula Nagar ( Deputy Headmistress)** Think of every single bully who has made fun of you and humiliated you in front of all your friends. Use the image of their faces to motivate yourself to study hard and work harder. Think of how amazing it will be when twenty years down the line, you see them living in a trailer while you cruise past in your Bentley. *“Learn from yesterday, live for today, hope for tomorrow.”*

Winners from all walks of life have their own strategies and plans but they all have one thing in common – they TRY. Keep trying.

The sharing of tiffin, quarrels over not helping out in the exams, punishment by teachers, the care and love when someone used to get hurt while playing, etc. I will miss my class mates ..... and of course..my teachers, whom I troubled a lot.

Those were the most memorable days of my life, which will be at the back of my mind till the last day of my life.

The school has played a vital role in making me a literate citizen and gave me a platform to show my talents in indoor games and to correct my mistakes. Just as the school has appreciated my good habits, it has also taken strict actions against my bad habits. School life is the key part in the bundle of my memories and the stars of these memories are the teachers of the school including Headmaster and Headmistress. I will miss by friends forever who had been there in by good times and in critical moments. I will never forget those moments.

The most amazing days of our life... when there was no responsibility of real world but a huge tension of completing homework in a given period of time. I don't know where to start because each day was memorable in this school. The day I joined the school, I never felt alone because all teachers were friendly and were just like our parents and the person I will never forget is Lipi ma'am because she is the only one to change me into what I am today like a teacher, a guide. I'll never forget my school till my last breath because it gave me friends and a family like environment which everyone could not deserve.

I will hold every moment spent in this school close to my heart. I will miss my school. I met various people, ranging from monochromatic to full of vibrant colours. Everyone was unique. The teachers, the students, everyone. I know that I have a heart which is almost equal to my fist in size (which is small for even a fish), but over these twelve years, all the people I met in this school gradually made big rooms for themselves in this heart of mine (a fact unknown to me for most of the time).
