

## **PRAYER FOR THANKSGIVING**

Thank you for being our guiding light in passing the trials and exams of our life.  
Walk the steps with us and never abandon us, is all we pray  
Keep us always in your love and within us you stay.

Oh God, in awe and wonder we worship you and acknowledge your aid  
In all the works that we have done, and will do in the days ahead.

Under the eternal guidance and Grace of the supreme divine,  
We sail through the tides of life with the help of our God so benign

With each exam we take in life, a step closer to the goals we set  
But none of these are possible to get

Without the omnipresence of the one above so great  
Who showers his unconditional love and blessings on us in the mortal state  
Completion of our tasks would not have been possible.
