PRAYER

Forgive me today dear Lord I pray
Keep me always from evil's way
Let me not be tempted to wrong again
Give me a chance to repent for what I have done.

Forgive me for the wrong that I have done
Let this child of yours live in the security of your love
Give me the strength to overcome all weaknesses,
Guide me, protect me and keep me on the path of righteousness, forever.

Forgiveness is what I ask from you Oh God
Help me to move away from the path of sin
Give me the shelter of Your love and kindness
May Your loving grace be showered on me.

For Repeaters to be read after second paragraph

Time and again I falter on the promises that I make
Not to offend you ever again
But a weak human is what I am
And fall easy prey to temptation, time and again.
