THIS IS LOVE, GOD IS LOVE

1. Every bird every tree, helps me know helps me see,
Helps me feel, God is love and loves around,
From each river painted blue,
To the early morning dew,
This is love, God is love and loves around.

2. Every prayer every song, makes me feel I belong,
To a world filled with love that's all around,
From each day break to each night,
Out of darkness comes the light
This is love, God is love and loves around.

3. Every mountain every stream, every prayer every dream
Come from God, God is love and loves around.
From the ever changing sky,
To a new born baby's cry,
This is love, God is love and loves around
